

AMERICANS WANT TO KNOW...

# WHERE ARE THE JOBS, MR. PRESIDENT?

Two years ago you told us we needed a massive stimulus package to prevent a great recession. You promised us unemployment would not exceed 8 percent as a result. You promised it would create millions of “shovel ready” jobs. Yet today 1.9 million fewer people are employed than when the stimulus was signed. You say you are not worried about a double dip recession. Well, Mr. President, the American people *are* worried!

Under your administration...

- ▶ **43 million Americans are now on food stamps**
- ▶ **Gas prices have hit historic highs**
- ▶ **Highest unemployment rates since the Great Depression**
- ▶ **National debt exceeds \$14 trillion**
- ▶ **14 million Americans are currently out of work**

Mr. President, this is no laughing matter.  
The American people deserve better.
